

Welcome Home!

We might have grown up in the “Sensational Sixties” but Sandusky is on track to be pretty sensational now and in the future! Take some time to visit some of our old memories and see the “Renaissance” first hand!

Over the past five years over 100 million dollars has been invested into Sandusky’s growth with even more planned for the future. We’re providing highlights of only a few of the many places to see and things to do! Enjoy!

SANDUSKY SCHOOLS: “Building Better Dreams” – our schools have been reimagined into state of the art facilities. Every building has been impacted internally with programs and upgrades, but externally new facilities have replaced some of our earlier memories. Set your GPS and drive by!

- Sandusky Early Learning Academy (pre K-K) : former site Hancock School – 2314 Hancock St.
- Sandusky Primary School (1-2): former site Ontario School – 924 Ontario St.
- Sandusky Intermediate School (3-6): former site Memorial Hospital – 2020 Hayes Ave.
- Regional Center for Arts & Academics (gifted 3-6): Adams Jr. High building – 125 E. Adams St
- Sandusky Career Center (Adult Ed): formerly Venice School – 4501 Venice Hts. Blvd.
- (groundbreaking) new Aquatic Center: SHS High School campus

HIGHLIGHTS YOU WON’T WANT TO MISS: So many things to see and do. Hometown never looked so good!

Remember shopping in Holzapfel’s? Well, the building was razed and the corner of Columbus & Market rebuilt! Still the same vibes but this time hosting commercial and residential units.

Remember passing this bank when we “Buzzed the Ave”? Now it’s next to the new City Hall and transformed into a wonderful coffee shop, artisan groceries and full bar Bistro. Beautiful building saved! You must see the inside.

A new neighborhood gem! Meigs St boasts the Maritime Museum with displays on local boating and the impact of the Underground Railroad on Sandusky. Plus, the newly redesigned Jackson St. Pier is worth a visit! Park and enjoy our Sandusky Bay.

Downtown is loaded with specialty restaurants and bars all worthy of exploring. “Saucy Brew” is one of the most recent additions.

BGSU and Cedar

Point continue to be good neighbors to Sandusky. Our hometown now has the only resort & attraction management degree embedded in a theme part. Their academic facility is a new build on E. Market St.

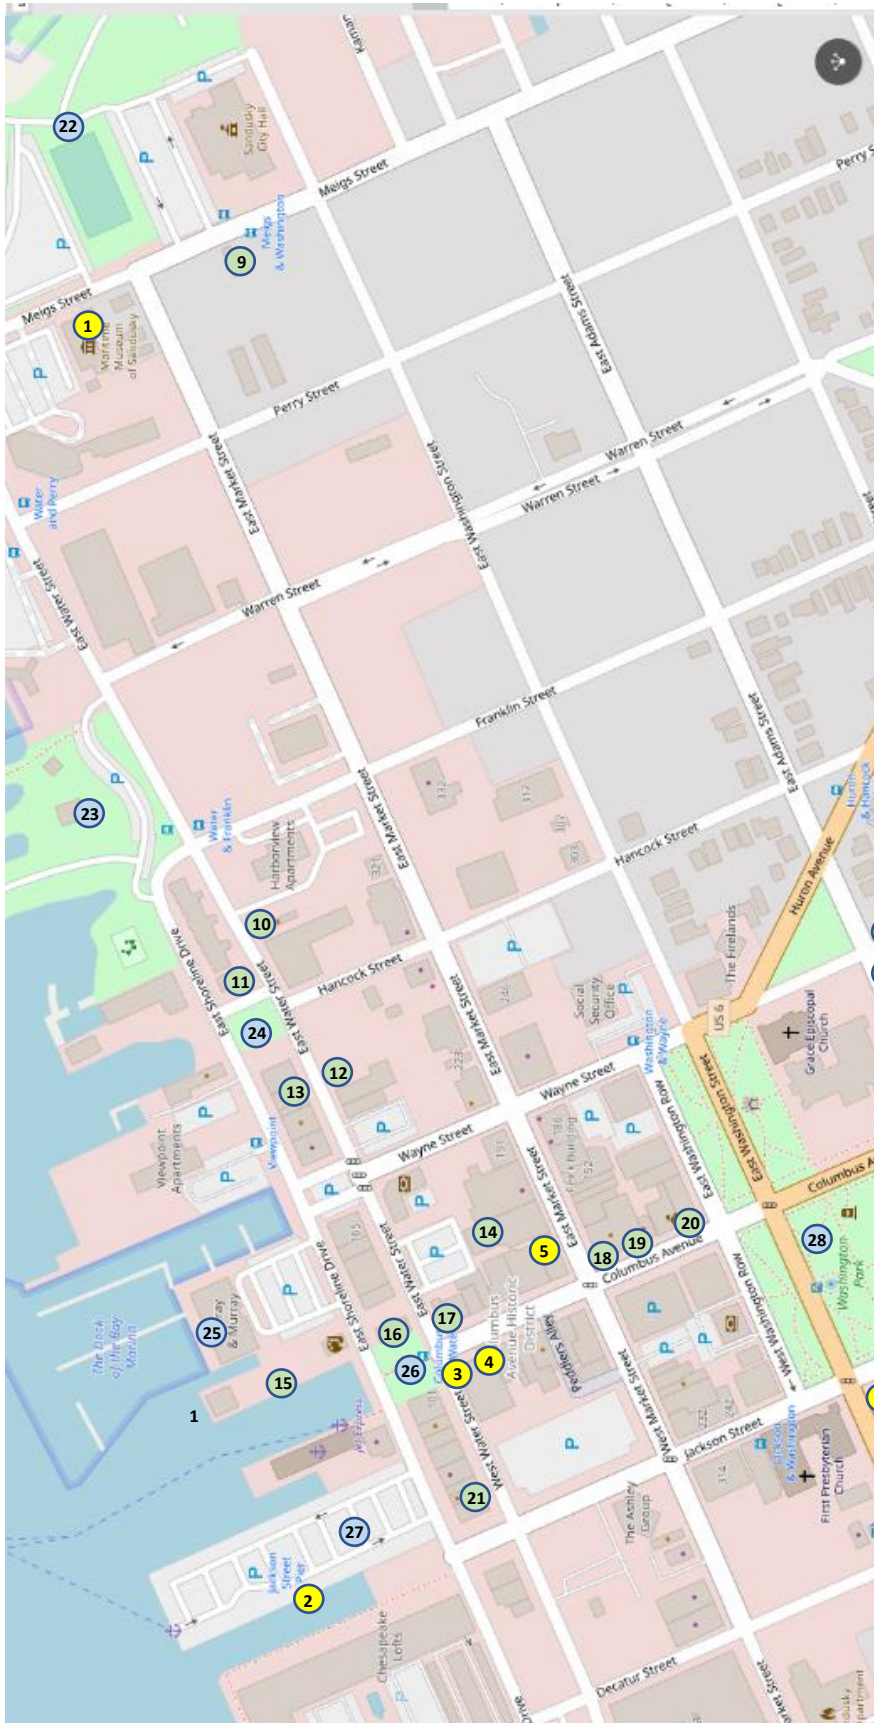

The newly built Cedar Point Sports Complex has expanded Sandusky’s athletic footprint with a massive indoor and outdoor facility located on Cleveland Rd. in the area of the old airport now serving both the community and area visitors.

SEE MAP ON REVERSIDE SIDE

Enjoy Sandusky!

So whether you want to check out one of many great breweries, do some axe throwing, relax by the waterfront, or go to a speakeasy... there's something new in Sandusky for everyone.
